## ADMINISTRATOR'S REPORT August 2006

### Subarea Health Planning Councils (SACs) Activities

- Hawai`i** The meeting did not have a quorum.
- Honolulu** Members examined the purpose of HONSAC and discussed its goals for the next year. Members will continue to meet quarterly and serve as consultants for the working committees involved in the development of H2P2 as well as reviewers for upcoming CON applications.
- Kauai** Mahelona emergency services and air ambulance - State EMS is working on criteria for EMS response with the new Critical Access Hospital, Mahelona. Wilcox Nurses Strike – there does not appear to be any movement on either side to resolve issues. The ratio question is confusing. Members noted that the use of temporary nurses appear not to have a negative impact, to date, upon access to or the quality of health care. The Kauai General Plan questions – members would like to see EMS and the major health care providers give input into the Plan, as do the police and fire departments.
- Tri-Isle** Certificate of need applications were reviewed for the establishment of Malulani Health and Medical Center (150 acute care beds and ancillary services) and for the establishment of interventional cardiac catheterization and heart surgery services at Maui Memorial Medical Center.
- West Oahu SAC & Windward Oahu SAC** No meeting was held in July.

### Research and Statistics

The Certificate of Need Application Summaries and Decisions Files, Monthly SHPDA Update Reports and SHPDA Calendar web pages were updated.

Continued preparations for the 2005 Utilization Survey mail out.
